

MIKE WILLIAMS

Consultant in Government Debt and Cash Management

- Former Chief Executive of UK Debt Management Office. Since early 2003, consultant specialising in governance, risk management, policy & strategy formation, and institutional capacity and market building.
- Relevant experience in range of countries: showing strong analytical and presentational skills; ability to deliver to tight timetables; and preparation of highly-regarded reports
- Wide ranging experience also in capital markets, monetary & fiscal policy and governance; in UK & overseas; as professional economist, senior manager, policy maker and trainer.
- Long-standing independent director of Euroclear UK & Ireland
- Established UK Debt Management Office as first Chief Executive in 1998; clarified respective responsibilities and accountabilities, inc with central bank and financial regulator; developed corporate governance and risk management framework; and established interaction with market, inc mode of intervention and market maker 'contracts'.
- Successfully expanded responsibilities, developing new policies across Government's financial balance sheet, widening range of techniques & instruments handled, maintaining service to market throughout. Covered debt management, active cash management, short-term asset management, and integration of other balance sheet functions.
- Successful stewardship of very substantial Government assets and liabilities: reporting to UK Parliament for annual transactions of £860 billion.
- Long experience in economic policy: in HM Treasury and elsewhere. Several key roles in UK privatisation programme (1986-1997), as head of privatisation policy HM Treasury, and in relation to specific bond and equity sales.
